

Hello, year 1!

We hope you are all well. We have put together some activities for you to have a go at over the next week. Remember to take your time doing these, try to do a little bit each day rather than all at once. However, it is just as important for you to be doing other things such as: playing games, going outside, watching TV and spending time with your family. We have loved seeing some of the work that you are doing at home, so please feel free to email us directly ([crowleesyr1@gmail.com](mailto:crowleesyr1@gmail.com)) with photos or copies of your work. Stay safe and keep up the super work.

Miss Price & Mr Snaddon ☺

## English

**English: (All resources can be found in the 'Sayeeda the Pirate Princess' PING.)**

Task 1	Read your story map aloud to a grown up to remind you of your ideas from last week. Then write Fergus's Adventure Story. Use the writing frame to help you to organise your ideas. Remember: capital letters, full stops and finger spaces.
Task 2	Read The poem 'What's in Fergus's Treasure Box'. Talk about the poem with a grown up. Can you tell them what is in the box? Is this a rhyming poem? Can you find the describing word in each line? Why doesn't each line have a full stop? Then complete the 'Solve the Riddle' sheet. Finally write your own treasure box poem using the writing frame. Remember: capital letters, finger spaces and a describing word on each line.
Task 3	Question marks and exclamation marks. Can you help Fergus and Sayeeda to correct the sentences? They have forgotten when to use a ? and when to use a !
Task 4	Read the message in a bottle from Sam and Polly. Then write them a letter back. Can you challenge yourself to use a question sentence and an exclamation sentence?

Additionally letter formation is a huge focus for us in year 1. **A letter formation document has already been PINGed to you, please refer to this.**

**Spellings** – this week's spelling pattern is adding the suffix 'er' and 'est', a presentation has been sent to you to teach your child about the spelling rule, please go through this with your child. A word search and spelling sheet have also been sent to you. As always spellings have been updated on Spelling Shed for your child to practise- please use this.

## **Maths**

Please complete the lessons below via the link. Watch the video guidance and then complete the activity, this could be printed off, written on paper or even just discussed.

The website has changed slightly, the videos can be accessed here:

<https://whiterosemaths.com/homelearning/year-1//>

The corresponding activities can be accessed here:

[https://drive.google.com/drive/folders/1vgBESixb8H1rlgCUu082Fc05PevWd\\_D C?usp=sharing](https://drive.google.com/drive/folders/1vgBESixb8H1rlgCUu082Fc05PevWd_D C?usp=sharing)

### **Summer Term week 9 – commencing 22nd June**

Lesson 1 – counting to 100

Lesson 2- partitioning numbers

Lesson 3 – comparing numbers (1)

Lesson 4 – comparing numbers (2)

Friday maths challenge

Please also encourage your child to use **NumBots** and **TTRockstars** regularly, it is being monitored as it gives us a great insight into how your child is doing. (Please only play garage/gig or arena as these questions will be automatically set by the training mode. Other options will be questions up to 12x12).

As always, there are many other activities available online for you to try, however please ensure these are tailored to **year 1 only**.

## **Topic**

### **Art –\_How do I draw sea creatures?**

Using the PDF document that has been PINGed, children can at first practise drawing the different sea creatures individually. When they have done this, they could bring them all together by drawing an under the sea picture including all the animals. Children could also add other sea creatures to their final picture as well.

**Fire Safety** – Using the link below you will be access a range of fire safety lessons and lesson plans which you could complete with your child at home.

## **Suggested Websites**

**BBC Bitesize:** Daily lessons are now available ranging across all subjects accompanied with videos and example work that children could do

<https://www.bbc.co.uk/bitesize/tags/zjpqqp3/year-1-and-p2-lessons/1>

**Floppy's Phonics Online:** continue to use the log ins PINGed out previously. There are hundreds of books for your child to read as well as some games for them to play using the books.

**Teach Your Monster to Read:** this app/website is free for a limited amount of time. We use this in school, it is great to practise phonics and tricky words.

**Phonics Play:** <https://www.phonicsplay.co.uk/> Access to all content on this website is now free, the username and password are on the website.

**NumBots:** play.numbots.com

This will boost addition and subtraction skills. Each child has a unique log in for this which has been sent out previously.

**TTRockstars:** this website focusses on *multiplication and division*, each child has their own log in which can be monitored at school (this is the same log in as for NumBots). It has been set to 'automatic training mode' which means that the children will be given a few different sums at a time, this will automatically change according to how well your child is doing. The more points they earn, the more they can buy for their avatar (similarly to Spelling Shed).

**Go Noodle:** (we use this regularly in PE and for active brain breaks) dino stomp, slow motion machine, hopscotch and wiggle it are class favourites!

**Twinkl:** you will find a range of home learning tasks, please choose ones which are appropriate for year 1

**Topmarks website:** find a range of learning games for your child
