

Year 3 – W/C 13th July 2020

Hi Year 3,

We hope you are all okay, this is your last week of Home Learning! Well done on all your hard work, we have really enjoyed seeing everything you have done!

Dear Parents,

Here is this week's home learning: do as much as you can that fits in with your circumstances and your child – if you are prioritising, Maths, and English are the subjects we would suggest you focus on and your child reading a little each day if they can. We really enjoy receiving your emails and we are happy to answer any questions you have about the work we've set. We do our best to reply as soon as we can during the week.

crowleesyr3@gmail.com

There will be 4 weeks of summer home learning going on the website next week but it is optional.

English

Talk for Writing 'Unicorns Uncovered' continued (PDF pinged last week or on the website)
3 days writing 1 day of reading

Monday	This week you have choice you can either write your own magic potion following pages 16 and 17
Tuesday	
Wednesday	Or if you fancy a challenge Boxing up following pages 19-26
Thursday	Make a Den for your unicorn, think what your unicorn might need in the den 9. Fun with dens – page 18
Friday	Reading lesson: Please Mrs Butler by Allan Ahlberg https://www.bbc.co.uk/bitesize/articles/zb2k8xs Read and perform Please Mrs Butler with as much expression as possible. Complete any of the suggested activities.

- **Spelling:** Both at school and for home learning, we have covered all the Year 3 spelling patterns and statutory words. This week on Spelling shed; there are a selection of words from each Year 3 pattern and the statutory spelling words to revisit as revision and to use over the summer until children begin in Year 4.

Maths

White Rose

For The White Rose maths, you'll need to go on the website and follow Week 12 (w/c 13th July)
The google drive link for the worksheets and answers are below.

<https://drive.google.com/drive/folders/1kzRNk8NXLRYj-sLFGjGQTQ8Jp40mxMK4?usp=sharing>

A mental arithmetic test has also been sent to do at some point this week.

If you have time try any of the maths activities below

- **TT Rockstars – 10 games on garage or try a Rock Slam – see below**
- log on to Numbots,
- practise the 4 formal methods using the PDF we attached last week, it is also on the school website
- play a game from the suggested websites.

TT ROCKSTARS

10 games on garage.

You could use the 'Rockslam' section for a change. This means you can 'challenge' another player from Year 3. Go to the 'ROCKSLAM' tab, choose a player to challenge by clicking on their name. Then click 'start challenge match'. You don't need to be online at the same time as the person you are challenging. They will be able to see that they have been challenged when they next log in. There will be a red circle with a number in to show how many 'Rockslams' you have been challenged to. You could even challenge one of the **Year 3** teachers! (Please don't challenge any other teachers)

❖ **NUMBOTS**

Although Numbots starts very easy, over time it really will improve your child's mental arithmetic ability. We'd like them to play on it for 5 or 10 minutes a day, by doing this you will also see they become quicker at completing calculations for the 4 formal methods. You can access it through TT Rockstars, click 'story,' see how many coins you can earn so you can buy new parts for your robot, you could send us a picture of your robot so we can see what it looks like. We can see from our Stats some children are making super progress – so well done to you!

❖ **Suggested Websites**

This game will help you practise calculating subtractions as **difference** by using **The Bar Model**.

Click on resources then National Curriculum. Scroll down the page to Year 3 Programme of Study. For each of the below, there are worksheets and online games to help develop your child's understanding.

Topic

Geography

Well done on all your fantastic work on different countries.

For this week we would like to offer you a challenge, we have pinged you a table to complete about all the

countries. Using the information you have already gathered or the following website

<https://www.kids-world-travel-guide.com/kids-trivia.html> do your best to complete the table.

Can you fill in the information about each country and then make comparisons - Similarities and differences E.g. Which country has the largest population? Do the countries with the largest populations have the largest land area? Do any have similar currencies/weather/trades/language spoken?

Country	England	Germany	Russia	United States of America	Argentina	Kenya
Flag						
Capital City						
Continent						
Land area						
Human Geography						
Population						
Currency						
Language spoken						
Trade						
Famous Landmarks						
Tourism						
Physical Geography						
Mountains, rivers, seas, forests						
Weather						
Interesting fact						

Can you find similarities and differences?

E.g. Which country has the largest population?

Do the countries with the largest populations have the largest land area?

Do any have similar currencies/weather/trades/language spoken?

Anyone who completes this activity points and sends a photo of this will receive 5 House points to begin Year 4 with!!

5

You could also play with adult to test each other on the geographical vocabulary list, taking it turns to ask each other what each word means or read out a definition and ask which word it is describing.

Vocabulary

Atlas	Book of maps
Capital city	The city where the government sits
City	A large town
Climate	Weather that is typical of that place
Continent	A large area of land that consists of countries
Compass points	Any of the main points of a compass: N, S, E, W, NE, NW, SE and SW
Country	An area of land that is controlled by its own government
Equator	An imaginary line around the middle of the Earth at an equal distance from North and South pole
Island	A piece of land completely surrounded by water
Human features	Features of the land that have been affected by humans
Humid	A climate that is very hot and damp
Oceans	One of five large areas of salt water on the Earth's surface
Physical features	Natural features of land
Population	All the people who live in a country
Temperature	A measure of how hot or cold a place is
Tectonic	Relating to the structure of the Earth's surface or crust (Covered when we looked at volcanoes)
Sea	A large area of water that is part of an ocean
Vegetation	Plants, trees and flowers

Design & Technology

This week you could have a go at making savoury biscuits. There are some recipes below or you can use your own recipe. You can change the cheese that is used and also decide which herbs you

you could also try splitting your mixture in half and add different cheese and herbs to the each mixture and compare them. Ask other members of your family to try them and give their opinion.

<https://www.bbcgoodfood.com/recipes/cheese-wheatmeal-biscuits>

In addition, it is important that your child:

- Reads an age appropriate book daily - at least 20 minutes.
- Practices their phonics – phase 4, 5 tricky words and year 2 and 3 common exception words.
- Exercises regularly – <https://app.gonoodle.com/> Gonoodle is an excellent free website (you have to sign up for a free account) that provides videos for exercise. We use this regularly in Year 3 – your child will have their favourites! They could even create their own ‘Gonoodle’ to a favourite song! Joe Wicks is also doing a PE fitness session at 9am Mon-Fri via his channel on YouTube – The Body Coach TV.
- Practises handwriting weekly – they could write out their spellings or a favourite poem or song

BBC Bitesize Daily lessons

<https://www.bbc.co.uk/bitesize/articles/zn9447h>

From 20 April, you'll be able to access regular daily lessons in English and Maths, as well as other core subjects, in an expanded version of our website and also on special programmes broadcast on BBC iPlayer and BBC Red Button. BBC iPlayer and the Red Button service will host Bitesize Daily. These are six different 20 minute shows, each designed to target a specific age group, from ages five to 14, and for pupils throughout the UK. Experts and teachers will be involved, covering what should be learned that day for the different year groups and key stages. Maths, Science and English will be covered in dedicated programmes, and other subjects such as History, Geography, Music and Art will also be covered.

Take care of yourselves and keep safe
From Miss Smith and Mrs Dook
