

Year 3 – W/C 6th July 2020

Hi Year 3,

Hope you are all doing okay, thank you again for all the lovely work you have been sending us, we really do enjoy looking at what you have been doing at home.

Dear Parents,

Here is this week's home learning: do as much as you can that fits in with your circumstances and your child – if you are prioritising, Maths and English are the subjects we would suggest you focus on and your child reading a little each day if they can. We really enjoy receiving your emails and we are happy to answer any questions you have about the work we've set. We do our best to reply as soon as we can during the week.

crowleesyr3@gmail.com

English

Unicorns Uncovered - PDF pinged

Monday	Mythical beast mix-ups! Page 4 Invent your own mythical beast, label the different parts and describe how it moves and what it eats.
Tuesday	Read and understand Page 5 Read pages 5 to 9 but you don't need to do the tasks. Reread or listen to page 6 on this link https://soundcloud.com/talkforwriting/unicorns/s-kpNjhGRD75A , Answer the questions on page 10
Wednesday	Spellings – page 11 Put the correct word in the sentences
Thursday	Grammar page 12 Have a go at :- Colour mixing with compound adjectives & Adding details with a simile p13 If you want a challenge have a go at Adding 'that seems to'—a relative clause p14
Friday	Short-burst writing – poetry p15 Read the poem and then either write a poem following the same pattern or a style of your own. You can write the poem about the unicorn or the Mythical Beast you created on Monday

- **Spelling:** Choose an activity from the Spelling Menu each day; complete this in addition to the English tasks. The powerpoint is on this link

Maths

White Rose

For The White Rose maths, you'll need to go on the website and follow Week 11 (w/c 6th July.)
The google drive link for the worksheets and answers are below.

https://drive.google.com/drive/folders/1d4mcNB58DP_KU-jZKk_ZQcEmayn8SL71?usp=sharing

A mental arithmetic test has also been sent to do at some point this week.

If you have time try any of the maths activities below

- TT Rockstars – 10 games on garage or try a Rock Slam – see below
- log on to Numbots,
- practise the 4 formal methods using the PDF sent previously, it is also on the school website
- play a game from the suggested websites.

TT ROCKSTARS

10 games on garage.

You could use the 'Rockslam' section for a change. This means you can 'challenge' another player from Year 3. Go to the 'ROCKSLAM' tab, choose a player to challenge by clicking on their name. Then click 'start challenge match'. You don't need to be online at the same time as the person you are challenging. They will be able to see that they have been challenged when they next log in. There will be a red circle with a number in to show how many 'Rockslams' you have been challenged to. You could even challenge one of the **Year 3** teachers! (Please don't challenge any other teachers)

❖ NUMBOTS

Although Numbots starts very easy, over time it really will improve your child's mental arithmetic ability. We'd like them to play on it for 5 or 10 minutes a day, by doing this you will also see they become quicker at completing calculations for the 4 formal methods. You can access it through TT Rockstars, click 'story,' see how many coins you can earn so you can buy new parts for your robot, you could send us a picture of your robot so we can see what it looks like. We can see from our Stats some children are making super progress – so well done to you!

❖ Suggested Websites

This game will help you practise calculating subtractions as **difference** by using **The Bar Model**.

Click on resources then National Curriculum. Scroll down the page to Year 3 Programme of Study. For each of the below, there are worksheets and online games to help develop your child's understanding.

Topic

Geography

Thank you to everyone who has sent in work on England, Germany, The United States of America, Russia & Argentina, we've really enjoyed looking at what you have created.

This is the last country to look at, this week's country is **Kenya**.

For each country the children need to:-

- Find the country using a map, an atlas or a globe.
- Know its capital city and the continent it's in.

Look at the Human Geography

Famous landmarks and buildings

Trade

Language spoken

Tourism

Look at the Physical Geography

Mountains, rivers, seas, coasts, forests

Weather

Are there any interesting facts you can find out?

This week your child can also compare Kenya to England....

- **Look at the human and physical geographical features of the country and compare them to England -what is similar and what is different?**

How they present it is up to them, they could do a PowerPoint, a booklet, a poster, a leaflet. Each week could be a different format or you could keep adding on to build it up. Feel free to send us photos of what they have done, this is a brand new unit so we'd love to know how the children are doing with it. On the next page is a list of Geographical vocabulary they should become familiar with as the topic progresses.

There is a PowerPoint saved on google drive that should give the children lots of information to help them.

https://drive.google.com/file/d/1_Pm6bYr5LVeFE3GrgkGfLKhVBNQrz1gX/view?usp=sharing

The following website also has some useful information on it

<https://www.kids-world-travel-guide.com/kids-trivia.html>

Vocabulary

Atlas	Book of maps
Capital city	The city where the government sits
City	A large town
Climate	Weather that is typical of that place
Continent	A large area of land that consists of countries
Compass points	Any of the main points of a compass: N, S, E, W, NE, NW, SE and SW
Country	An area of land that is controlled by its own government
Equator	An imaginary line around the middle of the Earth at an equal distance from North and South pole
Island	A piece of land completely surrounded by water
Human features	Features of the land that have been affected by humans
Humid	A climate that is very hot and damp
Oceans	One of five large areas of salt water on the Earth's surface
Physical features	Natural features of land
Population	All the people who live in a country
Temperature	A measure of how hot or cold a place is
Tectonic	Relating to the structure of the Earth's surface or crust (Covered when we looked at volcanoes)
Sea	A large area of water that is part of an ocean
Vegetation	Plants, trees and flowers

Art

This is the final week of Art and will bring together all the skills you have learnt over the last few weeks. Look at the PDF and create your own flower picture. We'd love to see your end products.

In addition, it is important that your child:

- Reads an age appropriate book daily - at least 20 minutes.
- Practices their phonics – phase 4, 5 tricky words and year 2 and 3 common exception words.
- Exercises regularly – <https://app.gonoodle.com/> Gonoodle is an excellent free website (you have to sign up for a free account) that provides videos for exercise. We use this regularly in Year 3 – your child will have their favourites! They could even create their own 'Gonoodle' to a favourite song! Joe Wicks is also doing a PE fitness session at 9am Mon-Fri via his channel on YouTube – The Body Coach TV.
- Practises handwriting weekly – they could write out their spellings or a favourite poem or song

BBC Bitesize Daily lessons

<https://www.bbc.co.uk/bitesize/articles/zn9447h>

From 20 April, you'll be able to access regular daily lessons in English and Maths, as well as other core subjects, in an expanded version of our website and also on special programmes broadcast on BBC iPlayer and BBC Red Button. BBC iPlayer and the Red Button service will host Bitesize Daily. These are six different 20 minute shows, each designed to target a specific age group, from ages five to 14, and for pupils throughout the UK. Experts and teachers will be involved, covering what should be learned that day for the different year groups and key stages. Maths, Science and English will be covered in dedicated programmes, and other subjects such as History, Geography, Music and Art will also be covered.

Take care of yourselves and keep safe

From Miss Smith and Mrs Dook
